
New iPhone3G owner!

Posted by Tony - 2008/08/05 15:57

I finally got my iPhone 3G after close to three weeks of trying.

So far the iPhone is running great, sounds great and looks great.

I have a few iPhone apps I'm reviewing right now and I'll post articles/reviews on The Mac Space home page and on The Mac Space Blog when they're done.
